## Shoujo City Free BEST Download PC Game

Shoujo City 3D is a fun 3D adventure game with an anime aesthetic, usually found in the sub-genre of virtual dating games. In this game, players must control three characters with whom they will spend time together. Both characters have two halves that need to be combined in different parts of the game. And each of the characters has their own skills that can be improved. Like any game like this, there are many levels that can be completed in several ways.
